NEW GILL INSHORE-SPORT VEST (IN7V) WITH 2-DOT BREATHABLE WATERPROOF LAMINATE FABRIC

For Immediate Release

NEW GILL INSHORE-SPORT VEST (IN7V) WITH 2-DOT BREATHABLE WATERPROOF LAMINATE FABRIC

Gill Inshore Sport Vest

The new Inshore-Sport Vest (IN7V) from Gill brings all the benefits of the advanced fabrics used in the Inshore Sport Jacket (IN7J), yet with the sleek and comfortable styling of a lightweight, multi-purpose vest.

Lightweight, supple, and easy to wear, this sleeveless and hood-less vest is ideal for all types of boating. Gill's new vest features a contemporary drop tail design, a mesh lining to help keep you cool, and a zippered internal pocket for a wallet, cell phone or an iPod. With the needs of modern boaters firmly in mind, Gill has added a separate exit point from the internal pocket for headphones.

Superior waterproofing is provided by Gill's latest 2-Dot laminate technology, which significantly improves the breathability compared to traditional coated materials. All the seams are fully taped, so the vest will protect you from the wind, water, and spray, yet is still light enough to be rolled up and stowed away in a small kit bag. The design of the Inshore-Sport Vest allows for team branding, either on the chest or across the back.

Specifications: Inshore-Sport Vest (IN7V)
